REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the particular method and system for reconfiguring the allocation of bandwidth used at transmit and receive nodes of a synchronous optical data communication network including the first and second memory banks in the first and second bandwidth configuration memories for holding and updating the bandwidth allocation mapping information used by the mapper/aggregator and demapper/deaggregator. With respect to the "Hamming Distance" of claims 5 and 13, this is described on page 6, line 25 of the specification and appears to be an inherent property of codewords as taught by Ntafos et al. ("On the Complexity of Some Coding Problems").

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melvin Marcelo whose telephone number is 703-305-4373. The examiner can normally be reached on Mon-Fri 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Chau Nguyen can be reached on 703-308-5340. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
